Some Practical Points in Hospital Staff Organization ..... *A. J. Oschner* 14
The Educational Value of Hospital Efficiency ..... *C. H. Mayo* 15
The Catholic Hospital Association and "Hospital Progress" ..... *Michael F. Fallon* 16
Functions of the Hospital ..... *Joseph Byrne* 17
Some Thoughts for the Nurse and Social Worker ..... *Rev. Edward F. Garesché* 19
The Three Bears ..... *Sister M. Genevieve* 22
What Does Hospital Standardization Mean? ..... *Edward Evans* 23
A Brief Outline of a Plan for the Standardization of Medicine in a Modern Hospital ..... *Hugh McKenna* 24
Hospital Problems of the Present Day ..... *S. S. Goldwater* 25
Hospital Morale ..... *Donald Guthrie* 29
Self-Standardization 31
Editorial 32
Brief Articles on Practical Topics:
- A Surgical Code ..... *Rev. M. P. Bourke* 36
- An Eight Hour Day for Nurses 37
- Pediatrics Comes to Its Own at St. Mary's Hospital, Duluth, Minn. 38
- The Management of Hospital Dietary 38

The Secretary's Department—News and Announcements for Members of the Catholic Hospital Association 39
The Mail Box: A Few Letters of Welcome 41
The Question Box 43
Hospital News and Notes 44

Published Monthly for the Association by
THE BRUCE PUBLISHING COMPANY, Milwaukee, Wis.

PUBLICATION OFFICE: 129 Michigan Street **EASTERN OFFICE: New York: 1 Madison Ave.**

Application has been made to enter the Magazine as Second Class mail matter in the Post Office at Milwaukee, Wis., under the Act of March 3, 1879. Copyright, 1920, by the Catholic Hospital Association.

SUBSCRIPTION INFORMATION

The subscription price of the Magazine is $3.00 per year, payable in advance. Postage for foreign subscriptions, 50 cents; for Canadian and Mexican subscriptions, 35 cents. Single copies, 40 cents; more than six months old, 50 cents.

Notice of change of address should invariably include the complete old and new forms of address. Complaints concerning the non-receipt of subscribers' copies cannot be honored unless made within fifteen days after date of issue.

CONTRIBUTIONS

The Executive Committee of Editors invites contributions of all kinds bearing on Hospital Problems. Unless otherwise arranged for manuscripts, drawings, photographs, news items, etc., should be addressed to the Editorial Office, 603 Majestic Building, Milwaukee.

13909

Insure Your Mattresses

Your best mattress insurance, irrespective of the price you pay, is the name "Meinecke" on the edge of your Maroon Rubber Bed Sheeting. Not only does it stand for absolute mattress protection, but it also means Rubber Sheeting economy.

You cannot buy Rubber Sheeting on a price basis. If you do, the cheap Sheeting will in the end cost you much more than the **"Meinecke"** Maroon.

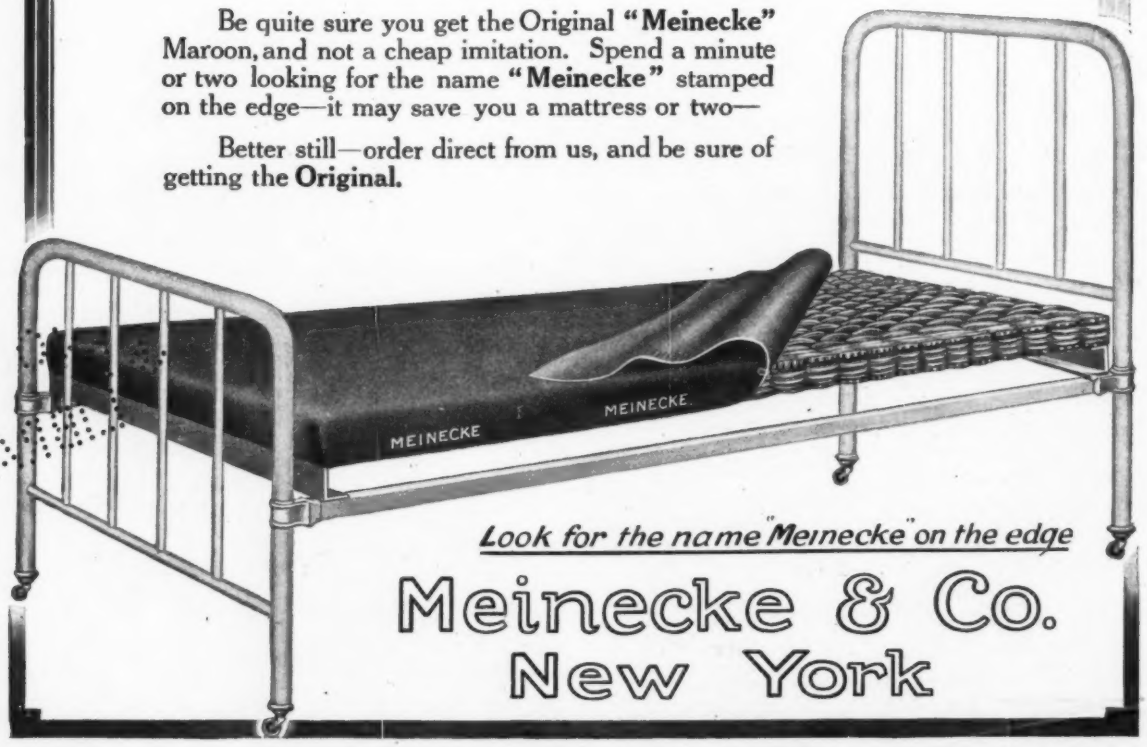
You may perhaps buy it for a few **cents** a yard less, but eventually you will be considerably more than a few **dollars** out of pocket.

When you adopt the **"Meinecke"** Maroon Sheeting, you avoid Rubber Sheeting troubles. It is worth something to you to know that you need not give your Sheeting question a thought for years. The minimum service we guarantee is at least two years, but with ordinary care, the **"Meinecke"** Maroon Sheeting will last from three to five years—

But

Be quite sure you get the Original **"Meinecke"** Maroon, and not a cheap imitation. Spend a minute or two looking for the name **"Meinecke"** stamped on the edge—it may save you a mattress or two—

Better still—order direct from us, and be sure of getting the **Original.**



Look for the name "Meinecke" on the edge

Meinecke & Co.
New York

ADVANCED SPECIALTIES *for* HOSPITALS

Standard Seamless Hospital Utensils Used *in* Over 3000 Hospitals *in the* U.S.

"Perfection" Bed and Douche Pans
New Seamless Hospital Style with High Back-End

NO CORNERS OR SEAMS WHERE FECAL MATTER CAN COLLECT. ALL HOSPITAL UTENSILS COMMENCE TO CHIP AND RUST AT THE SEAMS. THIS IS THE ONLY REALLY SEAMLESS PAN ON THE MARKET

HIGH BACK-END OR POUR-OUT PREVENTS SOILING OF BED LINEN, OR SPILLING OVER WHEN CARRYING. THIS FEATURE IS ALSO VALUABLE IN ENEMA WORK

Patented May 4th, 1909. Also Patented in Great Britian
Trade-Mark "Perfection" Reg. U. S. Pat. Office

Made in Standard Size in White Enameled Steel Ware, and Designated No. 40
Made in Standard Size in Gray Enameled Steel Ware, and Designated No. 30
Also Made in the Hospital Style with High Back-End in Porcelain in both the Standard and Child Sizes, and Designated No. 1 and No. 2

The "Perfection" is also made with Seam and Low Back-End at a little lower price in White Enameled Steel Ware (No. 4) and Gray Enameled Steel Ware (No. 3). These Pans are intended for Home Use. For Hospital Use we recommend the Seamless Pans. In addition to being more Sanitary they are more economical as the Seamed Pans commence to rust at the Seams.

The Seamed Pan in the White Enameled Ware is also made in the Child's Size. If you want the Pans which are anatomically correct, and which are actually Seamless, always specify the Seamless White No. 40, or the Seamless Gray No. 30. *Look for the name "Perfection" on each Pan.*

"Perfection" Male Urinal
Much Superior to the Old Style Duck Shape

The Only Seamless Enameled Urinal
Entire Interior Visible and Accessible for Cleansing

HOLDS A FULL QUART IN ACTUAL USE. ALMOST DOUBLE THE CAPACITY OF ORDINARY URINALS

Prevents Wetting of Bed Linen
Easier to Handle

Patented Jan. 24 and Nov 21, 1905.

Made in Seamless White Enameled Steel Ware
Also Made in Porcelain
Plain Glass and Glass Graduated

STANDS FIRMLY ON END WHEN NOT IN USE SO THAT CONTENTS WILL NOT SPILL

Can be Used in Conjunction with the "Perfection" Bed Pan

ADVANCED SPECIALTIES *for* HOSPITALS

Standard Seamless Hospital Utensils Used *in* Over 3000 Hospitals *in the* U.S.

"Perfection" Bed and Douche Pans
New Seamless Hospital Style with High Back-End

NO CORNERS OR SEAMS WHERE FECAL MATTER CAN COLLECT. ALL HOSPITAL UTENSILS COMMENCE TO CHIP AND RUST AT THE SEAMS. THIS IS THE ONLY REALLY SEAMLESS PAN ON THE MARKET

HIGH BACK-END OR POUR-OUT PREVENTS SOILING OF BED LINEN, OR SPILLING OVER WHEN CARRYING. THIS FEATURE IS ALSO VALUABLE IN ENEMA WORK

Patented May 4th, 1909. Also Patented in Great Britian
Trade-Mark "Perfection" Reg. U. S. Pat. Office

Made in Standard Size in White Enameled Steel Ware, and Designated No. 40
Made in Standard Size in Gray Enameled Steel Ware, and Designated No. 30
Also Made in the Hospital Style with High Back-End in Porcelain in both the Standard and Child Sizes, and Designated No. 1 and No. 2

The "Perfection" is also made with Seam and Low Back-End at a little lower price in White Enameled Steel Ware (No. 4) and Gray Enameled Steel Ware (No. 3). These Pans are intended for Home Use. For Hospital Use we recommend the Seamless Pans. In addition to being more Sanitary they are more economical as the Seamed Pans commence to rust at the Seams.

The Seamed Pan in the White Enameled Ware is also made in the Child's Size. If you want the Pans which are anatomically correct, and which are actually Seamless, always specify the Seamless White No. 40, or the Seamless Gray No. 30. *Look for the name "Perfection" on each Pan.*

"Perfection" Male Urinal
Much Superior to the Old Style Duck Shape

The Only Seamless Enameled Urinal
Entire Interior Visible and Accessible for Cleansing

Made in Seamless White Enameled Steel Ware
Also Made in Porcelain
Plain Glass and Glass Graduated

HOLDS A FULL QUART IN ACTUAL USE. ALMOST DOUBLE THE CAPACITY OF ORDINARY URINALS

STANDS FIRMLY ON END WHEN NOT IN USE SO THAT CONTENTS WILL NOT SPILL

Prevents Wetting of Bed Linen
Easier to Handle

Patented Jan. 24 and Nov 23, 1905.

Can be Used in Conjunction with the "Perfection" Bed Pan
